

The MM 170 is a 2013 new build heavy construction flat deck barge in ABS Class. Purpose built, the versatile unit is ideal for project support, and site positioning. Transports a range of heavy lift and project cargos.

At McKeil Marine we approach each cargo movement and every service with the promise to deliver innovative marine solutions.

Since 1956 we've pushed the boundaries, becoming one of the foremost marine service providers in Canada. Customizable transportation and project solutions including marine transportation, marine construction, project cargo, salvage, towing and ship assist are available throughout the Great Lakes, St. Lawrence Seaway, East Coast and the Canadian Arctic.
