

The MM Newfoundland is a flat deck multipurpose barge. Special features include a steel deck with 4,500 lbs per square foot deck strength, making it the strongest deck barge in Eastern Canada. A reliable and versatile unit, the MM Newfoundland services the Project / Transportation fleet.

At McKeil Marine we approach each cargo movement and every service with the promise to deliver innovative marine solutions.

Since 1956 we've pushed the boundaries, becoming one of the foremost marine service providers in Canada. Customizable transportation and project solutions including marine transportation, marine construction, project cargo, salvage, towing and ship assist are available throughout the Great Lakes, St. Lawrence Seaway, East Coast and the Canadian Arctic.

## HYDROSTATIC CHART

DWT (L/T)	DRAFT (M)	DRAFT (FEET)	DISPL (L/T.S.W.)	TPI
6000	4.0	15	7000	44.38
		14		44.38
